

Remarks

Submitted herewith is a Substitute Sequence Listing.

Applicants believed that in Applicant's last response, submitted March 24, 2008, all the errors in the Sequence Listing had been corrected. The errors were not corrected due to an oversight and reasons set forth below. Applicants were under the impression that the Sequence Software "Checker" available through the USPTO website would point out any errors in the Sequence Listing. Applicants were informed (phone call on May 15, 2008 with Anne Corrigan [phone no. 571-272-2501] that the type of error made in the Sequence Listing in the above-identified application would not be detected by the above-mentioned Software.

Please charge any fees associated with the filing of this response to Deposit Account 04-1928 (E. I. du Pont de Nemours and Company).

Respectfully submitted,
